

## Make a simple felt Christmas stocking

Cosy felt and blanket-stitching combine to make this super-simple Christmas stocking

Aug 07, 2014 05:03:00 PM by Adrienne Wyper

### You will need

- red felt
- large-eyed sewing needle
- white yarn
- velvet ribbon

Print out the stocking template below and enlarge to the desired size. Use to cut two pieces of felt.

Lay the felt pieces together and blanket-stitch around the edge to join the two pieces. (Here's [how to do blanket stitch](#).) At the top edge, blanket-stitch along each edge individually so that the top is left open.

Stitch in the two ends of velvet ribbon at one side to make a hanging loop.

Fill with goodies on Christmas Eve!
